Advancing IBD Care: Contrast-Enhanced Techniques and Intestinal Ultrasound in Post-Surgical Patient

Friday, December 1st, 2023

14:30 – 19:00 CET

Dear Colleagues,

Welcome to the second IBUS advanced virtual workshop on “Intestinal Ultrasound in Post-Surgical Inflammatory Bowel Disease and the Use of Contrast-Enhanced Ultrasound in IBD”.

Steered by leading experts in the field, the workshop will cover topics such as imaging techniques, interpretation of ultrasound findings and their clinical application. Through interactive sessions, case studies, and virtual demonstrations, you will acquire practical skills to enhance patient care and make informed decisions.

We look forward to meeting you virtually during the workshop.

Best wishes!

Prof. Dan Carter, EduCom Chair

On behalf of the Non-profit association International Bowel Ultrasound Group e.V.
