Welcome!

international bowel
ULTRASOUND GROUP

Dear Colleagues,

Welcome to the **Masterclass and certification for the experienced IUS performer!**

The primary aim of this workshop is to establish standardized, high-quality techniques for performing IUS examination among physicians with minimum 300 performed procedures over the last 3 years.

The workshop consists of 2 parts:

- Theoretical and didactic training: participants will engage in an interactive, self-directed eLearning course via IBUS
- Practical training: the hands-on experience component will be facilitated through an introductory face-to-face course involving sessions with patients

Upon completion of the workshop, participants will undergo theoretical and practical exams. Those who successfully pass the course will receive an IBUS certificate .

We are looking forward to meeting you in Lüneburg!

Best wishes,

on behalf of the local organizers

Prof. Dr. Christian Maaser and Prof. Dr. Torsten Kucharzik
