Dear Colleagues,

Welcome to the IBUS Regional Hybrid Module 1 Workshop “Introduction to intestinal ultrasonography”.

This IBUS hybrid workshop, which is the 1st module of the IBUS Curriculum, has been developed by a group of international experts in IBD and intestinal ultrasound (IUS), involving an eLearning platform, presentations, video cases, and hands-on sessions. You will learn about the basics of intestinal ultrasound (IUS) and the role of IUS in diagnosis, follow-up of treatment, and complications in IBD.

We are looking forward to meeting you in Hong Kong!
